Nine chapters-nine intense essays on personal power and self-transformation. From The Power of F*ck That and the Power of Self-Authority to the Power of Death itself, this compact and contentious volume is a viable antidote to the insulting mediocrity of the Self-Help industry. Inspiring, hard-hitting, and unapologetic, Power Prevails reminds you who you are: an entity possessing consciousness, a unique and marvelous creature of the universe, a being of vast intelligence, the culmination of millions of years of evolution and a link in an unbroken chain that extends back into primordial prehistory.
