

Enhanced Interrogation

Filesize: 5 MB

Reviews

Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.

(Bernardo Feeney Jr.)

ENHANCED INTERROGATION

Random House, 2017. Hardcover. Condition: New. 320pp. In *Enhanced Interrogation*, Mitchell now offers a first-person account of the EIT program, providing a contribution to our historical understanding of one of the most controversial elements of America's ongoing war on terror. Readers will follow him inside the secretive black sites and cells of terrorists and terror suspects where he personally applied enhanced interrogation techniques. Mitchell personally questioned thirteen of the most senior high-value detainees in U.S. custody, including Abu Zubaydah; Abd al-Rahim al-Nashiri, the amir or commander of the USS Cole bombing and Khalid Sheikh Mohammed, the mastermind behind the September 11, 2001, terror attacks-obtaining information that he maintains remains essential to winning the war against al-Qaida and informing our strategy to defeat ISIS and all of radical Islam. From the interrogation programs' earliest moments to its darkest hours, Mitchell also lifts the curtain on its immediate effects, the controversy surrounding its methods and its downfall. He shares his view that EIT, when applied correctly, were useful in drawing detainees to cooperate and that, when applied incorrectly, they were counter-productive. He also chronicles what it is like to undertake a several-years-long critical mission at the request of the government only to be hounded for nearly a decade afterward by congressional investigations and Justice Department prosecutors. Gripping in its detail and deeply illuminating, *Enhanced Interrogation* argues that it is necessary for America to take strong measures to defend itself from its enemies and that the country is less safe now without them than it was before 9/11.
