The Vampyre Memoirs tells the memorable experiences of the seven oldest vampyre siblings in the world. For thousands of years, they have already lived among humans and have quite a lot to tell about what they have experienced in the human world. Is all the history you were told really true? Bohemian Rhapsodies is narrated by one of the siblings, Layla Amentson. Once upon a time, a small German town was infested by two large mysterious fires, diminishing the town almost completely. How were the fires truly sparked? Layla s paths crossed with an obscure abbot imposing a deathly threat not only to vampyres but also to humans. Can the oldest vampyres be killed? The siblings set out in Bohemian London on their quest to find the mischievous culprit hiding his sinister tampering in the small German town he put under his spell.
