Excerpt from Mechanical Therapeutics: A Practical Treatise on Surgical Apparatus, Appliances, and Elementary Operations; Embracing Bandaging, Minor Surgery, Orthopraxy, and the Treatment of Fractures and Dislocations In a work of this nature it was indispensable for the easy understanding of the subjects treated that it should be fully illustrated. Many engravings introduced throughout the volume have been drawn from the well-known works of Velpeau, Gross, Miller, Erichsen, Fer gusson, Druitt, Skey, Pirrie, and Sargent; while the author would also acknowledge special indebtedness to the elaborate treatises of Hamilton, Malgaigne, and E. R. Smith, on fractures and dislocations. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
