She has everything she wants, a happy home life with her live in boyfriend, a great relationship with her boss and co-workers, and her dream job. She has worked hard to ensure that her life is exactly how she dreamed it would be. She soon finds out her life isn't as perfect as it seems. Unexpected changes throw her life into a tail spin that she has no control over, and that her worst nightmares couldn't have prepared her for. She finds out the position she worked so hard for no longer exists, the man she thought loved her admits to seeing another woman, and for reasons she doesn't understand Chris finds herself being stalked by the woman she is training for a position in her former department. Before long she is breaking into Chris's home, destroying Chris's credibility at work and with her friends, and even begins dressing like her. When Chris learns of Shannon's true intentions, she realizes the only way to stop the madness and reclaim her life is to leave town. She moves to a small remote area in Southern Oregon, several hours away from her home town where she believes she can start over, but that's when the danger really begins.
