Brooke Nothing about my life has been easy, but that hasn't stopped me from living it. So when someone sets out to steal that life from me, they better come heavily armed and with an army close behind, because nothing short of nuclear warfare is going to stop me from protecting what's mine. When my mom gets taken, I set out to find her and missing pieces of a puzzle I didn't even know existed start to fall into place. I might end up paying the price for someone else's sins, but there's no turning back now. I'm far too invested in this now - in finding my mom, in untangling the web of lies surrounding me, and more than anything else, I'm far too invested in the sexy, secretive and seriously annoying man helping me. Grant As an ex-SEAL that's seen and endured horrors the majority of civilians think only exist in Hollywood, I really thought there wasn't much that could surprise me anymore. Then Jack, my boss and closest thing I have to a dad, goes missing. He...

Reviews

Extensive guideline! It's this sort of excellent read. It had been written quite properly and helpful. You can expect to like just how the writer created this book.

-- Mr. Gustave Gerhold

This book will never be straightforward to start on reading through but quite enjoyable to learn. Better than never, though I am quite late in starting reading this one. Your lifestyle span will probably be converted once you complete reading this publication.
