Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Plains Forester, Vol. 2: September, 1937 It seems to me that in examining any proposed planting site we should subject it to the test of at least three fundamental questions, to-wit: will the trees grow? Is the land worth it? Is the site properly located? If the answer to any of them is not a clear-cut yes, we are merely storing up trouble for the future, to say nothing of wasting our money and our opportunity for service. In fact, it may go even beyond that. To attempt through tree planting to perpetuate farming on land that is, and always will be submarginal for that purpose, is doubtless a distinct disservice.
