Study Guide to Introductory Psychiatry: A Companion to Textbook of Introductory Psychiatry

By Donald W. Black, Jordan G. Cates

American Psychiatric Association Publishing, United States, 2016. Paperback. Book Condition: New. 6th Revised edition. 229 x 152 mm. Language: English . Brand New Book. Designed and written for the student new to psychiatry, the Introductory Textbook of Psychiatry, Sixth Edition provides a concise summary of diagnosis and classification, interviewing and assessment, the neurobiological basis of psychiatry, the various psychiatric disorders, treatment modalities, psychotropic medications, and much more - all in a DSM-5-compatible format. The Study Guide to this bestselling text is similarly structured and written to enhance comprehension and consolidation of the knowledge acquired from the text. The format replicates what might be encountered in specialty-certifying exams, with each question followed by multiple-choice responses, including plausible distractors. In the answer guide, the question is repeated and the answer is then provided, along with the reasoning for the correct response and why the other answers are incorrect. Each question is linked to a page in the textbook, making it easy for the reader to further review the topic. As an ancillary resource, the book has much to recommend it: Although uniquely useful for medical students, beginning psychiatry residents, and those studying for board exams, the Study Guide can be used equally...
