U. S. Department of Education, National Center for Education Evaluation and Regional Assistance

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.An important question for educational evaluators is how best to measure academic achievement, the outcome of primary interest in many studies. In large-scale evaluations, student achievement has typically been measured by administering a common standardized test to all students in the study (a study-administered test). In the era of No Child Left Behind (NCLB), however, state assessments...
