Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Psychotherapy handbook with practical examples. The book is easily perceived, with no excessive wordiness or complicated terminology, with the author describing specific and recognisable examples from public life since the beginning of the post-Modern era. The examples lead to endless questions about the things that are incomprehensible in people, in relationships among people, and in society at large. The concept refined evil involves the transfer of hidden and unknown things from generation to generation. It turns out that people can inherit not just property, but also attitudes and values that are not always favourable or useful to individuals and to society at large. The book makes it possible to understand this inherited surrogate, which is propagated, maintained and cultivated without knowing that this is happening and while suffering because of it. Refined Evil helps readers to identify endless and widely used manipulations used against individuals. Theoretical ideas illustrate the psychological instruments that modern people need so as to spot and manage these manipulations. The book includes the following topics: -Health Psychology -Self-Therapy at Home -The Truth About Sex and Feelings -Psychological Causes of Illness - Character Emotional State -Prohibitions Provocations -Character As an Obstacle To Relationships -Why Individuality Confronts With Mass? -Self-Discovery Through The Surrounding View -Unfulfilled Longing of The LooksEmotional family heritage This is second book in series Refined Evil.
