Excerpt from Pictures of Life and Character He gave in a few strokes the look of the hunting-field in winter - the dark, damp slopes, the black, dense hedges, the low, thick sky. Leech depicted, with infinite vividness, the accidents of the chase and the fishing-season; and his treatment of the horse, in especial, contributed greatly to his popularity. He understood the animal, - and drew him as if he knew how to ride as well as to draw. There is far more fun, more good drawing, more good sense, more beauty, in John Leech's Punch pictures than in all the Art Union illustrations, engravings, statuettes, etc., etc., put together. - Dr. John Brown in his Notes on Art. The truth, the strength, the free vigour, the kind humour, the John Bull pluck and spirit of that hand are approached by no competitor. With what dexterity he draws a horse, a woman, a child. You see youth, strength, enjoyment, manliness in these drawings. -w. M. Thackeray. His work contains the finest definition and natural history of the classes of our society, the kindest and subtlest analysis of its foibles, the tenderest ?at tery of its pretty and well-bred ways, with which the modesty of subservient genius ever immortalised or amused careless masters. - John Ruskin.
