WWW.Militarybookshop.Co.UK, United States, 2006. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Full color, richly illustrated book. This manual is intended to provide guidance for engineers, architects, building officials, and property owners to design shelters and safe rooms in buildings. It presents information about the design and construction of shelters in the work place, home, or community building that will provide protection in response to manmade hazards. Because the security needs and types of construction vary greatly, users may select the methods and measures that best meet their individual situations. The use of experts to apply the methodologies contained in this document is encouraged.
