

## The Hidden Coast of Maine

By Ken Textor

Tilbury House Publishers. Hardcover. Condition: New. 224 pages. Dimensions: 10.1in. x 9.0in. x 1.1in. Joe Devenney has been photographing the Maine coast for thirty-seven years, and Ken Textor has been writing about it equally as long. Separately--and occasionally on assignment together--they have turned over many stones in this varied 3,000-mile-long coastline, seeking out and recording its moods, seasons, and secrets. Now they are sharing their rich accumulation of images and insights. Joe's photos capture moments of ephemeral grace and beauty in places that are forgotten or hiding in plain sight. Smelt Brook in Castine is not on any standard itinerary. Neither are South Addison, Merrymeeting Bay, the Scarborough Marsh, and many other places Joe has explored over the years. Even places that are familiar to many--West Quoddy Head, Old Orchard Beach, Monhegan Island, Pemaquid Point, Portland Harbor, Acadia National Park, and others--are revealed by Joe's camera in moments of other-worldly allure. There are surprises on every page, just as there are surprises around any bend of a Maine coastal road. Every photo in this book was taken from a public vantage point you can reach by car or ferry. An appendix offers directions to each place. Ken Textor's essays...

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Ally Reichel

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

-- Prof. Kirk Cruickshank DDS
