Dimensions: 9.0in. x 6.0in. x 0.1in.Excerpt: . . . was tacitly assuming a diagnostic skill that must test the strength of every American physicians credulity to the utmost. The long continuance of the severe symptoms was no fault of the disease. The worst case should be made comfortable in three days. Just why diagnosing a perityphlitic abscess should have cleared the diagnostic atmosphere to such an extent as to justify one in declaring that, since the discovery of the abscess there could be no doubt of diffuse peritonitis, is hard to understand. According to my training in the worth of differential diagnosis, I should look upon such a diagnosis as most excellent proof that the peritoneum was still intact, and, if the case were handled carefully, its intestine sacredness would remain free from the vandalizing influence of toxic infection. I am not inclined to accept the diagnosis, for within twenty-four hours the abscess broke into the cecum, and if the case had advanced to perityphlitic abscess, the pus would have burrowed downward towards the groin and would not have terminated as early as it did....
