If you live with a physical disability, limited mobility, or something else that is holding you back from living a healthy lifestyle, Tony's personal story, coupled with his clear and concise methodology, will help you gain insight and confidence, and get you clear on what it will take for you to achieve your health and fitness goals. Because he was born with a rare bone disorder, Osteogenesis Imperfecta (brittle bones), Tony used a wheelchair and crutches through his childhood and into his early 20s. When he was 24 years old, he finally took his first unassisted steps and started walking. Because he was scared of breaking more bones and had always been told to be careful, Tony remained inactive through his 20s and 30s and his overall health suffered. At age 42, he found himself overweight, dealing with pain in his legs, hips, and back, and using medications to suppress daily heartburn. After a visit to the doctor, he knew something had...
