Reviews

An exceptional book as well as the font applied was fascinating to learn. It is loaded with knowledge and wisdom I am just easily can get a pleasure of studying a created book.

(Dr. Benjamin Lakin)

CONTEXTUAL THEOLOGY (HARDBACK)

Pickwick Publications, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It has been almost fifty years since theological educators first began talking about contextual theology. Today, in every country of the global South, their home schools require them to contextualize theological education and construct contextual theologies that would be helpful for their local churches. In spite of this expectation there are few helps available. The expectation is clear, but an understanding of the process by which this may occur is lacking. Educators often complain that they are led to adapt Western theology to their context rather than developing theology for their churches. Arguments for contextual theology are proposed often, but there has been little debate explaining and defending the methods involved. This book is intended to enter that debate and invite others who should help appreciate the gravity of our situation and join the conversation. The epicenter of Christianity has shifted to the global South. Yet, contextual theology, which seeks to preserve the integrity of the faith, has not been met with generosity among scholars in the US and Europe. This book intends to forge helpful bridges that encourage mutual regard to develop among scholars across the globe. The bubble of the Western academy needs to be breached. This is a superbly written book which clearly outlines the vital importance of engaging in contextual theology for our time. Matheny reviews the historical background to contextual theology as well as various approaches. He explains how it works in practice, why contextual theology is good theology, and why a healthy contextual theology will shape the future of theology by reviving biblical images and perspectives found in world Christianity. It is an accessible read and will be a very helpful resource for students, practitioners, and parishioners....
