

A Text-Book on Roofs and Bridges, Vol. 2: Graphic Statics (Classic Reprint) (Paperback)

By Mansfield Merriman

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A d104-Book on Roofs and Bridges, Vol. 2: Graphic Statics The universal approbation expressed concerning the utility of the blank leaves in Part I leads me to insert them in this volume also. On these pages students may record in permanent form the numerical computations which are always requisite preparatory to graphical analysis, and also make free hand sketches of some of the stress diagrams required in the problems. But I regard it as essential that a few well chosen cases shall be thoroughly and completely worked out as indicated on the plates, which show the manner in which for many years I have required students to finish drawings in Graphic Statics. Here, as in Part I, the minimum as well as the maximum stresses are determined for most of the examples, and all varieties of loading are treated so that students may be able to work in accordance with all kinds of specifications.
