These diverse habitats support a range of fascinating wildlife. This handy guide will help you identify the special birds of the area, explaining how to distinguish them from more familiar species and directing you to the best places and times of year at which to find them. Drawing on the expertise of author Su Gough, and using information from BTO surveys, this photographic guide provides a wealth of information on the birds to be found in the Norfolk and Suffolk Brecks. From familiar species like Sparrowhawk and Tawny Owl through to star species like Stone-curlew and Nightjar, the book covers all of the species you are likely to encounter in the area.
