# Java in a Nutshell: A Desktop Quick Reference (Fifth Edition)

By David Flanagan

Shroff Publishers/O`Reilly, 2005. Softcover. Book Condition: New. 5th or later edition. 15 x 22 cm. Java in a Nutshell, 5th Edition, covers all the extensive changes implicit in 5.0, the latest and greatest version of Java yet. This classic remake has also undergone a complete editorial makeover in order to more closely meet the needs of the modern Java programmer. Among the improvements: more discussion on tools and frameworks, and new code examples to illustrate the working of APIs. With more than 700,000 copies sold to date, Java in a Nutshell from O`Reilly is clearly the favorite resource amongst the legion of developers and programmers using Java technology. And now, with the release of the 5.0 version of Java, O`Reilly has given the book that defined the "in a Nutshell" category another impressive tune-up. In this latest revision, readers will find Java in a Nutshell, 5th Edition, does more than just cover the extensive changes implicit in 5.0, the newest version of Java. It`s undergone a complete makeover--in scope, size, and type of coverage--in order to more closely meet the needs of the modern Java programmer. To wit, Java in a Nutshell, 5th Edition now places less emphasis on coming...
