

Worlds in Transition (Paperback)

By Peter Dingus

Speculativefictionreview.com., United States, 2017. Paperback. Condition: New. First Addition ed.. Language: English . Brand New Book ***** Print on Demand *****. Worlds in Transition is a set of three stories that explore the limits of reality and perception. In Parallax, two people discover strange messages in the detector of a scientific experiment deep under the mountains of Montana. In the End of the World, two survivors, on an isolated Mars base, investigate a strange dead region on the shores of an ancient Martian sea after an apocalyptic war on Earth. In One Way Ticket, an Earth anthropologist travels an impossible distance through space and time to study the first extraterrestrial species ever found. But what he finds is that the strangest species of all is the human species.

Reviews

Very helpful to all type of individuals. It really is rally interesting through looking at time. Its been designed in an extremely basic way which is just soon after i finished reading this pdf through which basically modified me, change the way i believe.

-- Tyshawn Brekke

The publication is easy in read through preferable to fully grasp. It is writter in simple phrases instead of hard to understand. You will not sense monotony at at any moment of your respective time (that's what catalogs are for concerning if you request me).

-- Kevin Bergstrom Sr.
