A Nation Of Shopkeepers (Paperback)

By Bill Evans, Andrew Lawson

Plexus Publishing Ltd, United Kingdom, 1996. Paperback. Condition: New. New edition. Language: English . Brand New Book. In the last decade or so, English towns and villages have been altered almost beyond recognition, and the small specialist shops, run by families who have taken a fierce pride in their traditions of quality and service, are in danger of disappearing forever. A Nation of Shopkeepers is a photographic tribute to these bastions of personal enterprise while they still survive. Bill Evans and Andrew Lawson have combed England to record the strong feeling of period and design that these small shops encompass, whether through style and decoration of their frontages and interiors, their signs, displays of wares or the craftsmanship they offer their customers.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
