## EASY TO LEARN STUFF TO KNOW: FOR YOUNG WOMEN (PAPERBACK)

Outskirts Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Easy To Learn Stuff To Know: For Young Women was originally set to be a book directed at educating young people, but soon was revamped into a book to guide, educate and empower young women, primarily, ages 12-22. This book will help young women understand what they do not, as it pertains to themselves and interacting with the opposite sex, from the perspective of a man. This book encourages young women to embrace who they are, while seeking to exceed where they are. The importance of directing our young women in the right direction is at the highest of importance. Young women need to know how important they are, while realizing how precious they are and understanding how fragile life is. The standard women set when they are young will determine the type of decisions they make in the future. The ignominy that young women face today is a far cry of what we should want our young women to experience in their precious lives. Are you tired of the trauma drama surrounding the predictions about 2012! Let the answers from the angels put you at ease as they answer; will we need to move to the mountains, will their be a leader, will money have value, will we survive the change.
