Pamasuco Paperbacks, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is not just another book on witches and magic, this is a book about novice magicians, there is a big difference. Seven youngsters in the first of their adventures come together at the Hamilton International School in Brussels. We then follow their search for the Lapis Lazuli Pentacle Pendant. It all started when visiting the house of Professor Hynninen at a nearby village, they find a book for magicians, a book they call Hocus-Pocus. Julian, who usually leads the way in all their adventures, decides they should take advantage of of what seems to be an accidental chance to train as young magicians. They learn how to fly, how to become invisible, how to choose a wand. Also how to prevent misguided witches taking over the world. This story is a must for all young people who want to really understand the reason for the world of magic and knowledge in the twenty first century. Highly recommended reading by Magicians.
