This book lays the foundation of building resilient processes for transformational leaders who aspire to drive culture change in their organizations. The principles of DevSecOps, Continuous Integration and Continuous Delivery form the recipe for success, and Continuous Improvement is at the heart of it. As you plow through the chapters of this book, you will virtually experience the thrills and the shivers of leading a crucial transformational change. And you will be able to define the next chapter of your very own journey. This is how I have structured the book: Chapter 1: Introduction Eases my readers into understanding and appreciating a Continuous Delivery Pipeline, extends the concepts to Continuous Everything and Everyone, and gives a brief introduction about myself. Chapter 2: Continuous Delivery As A Domain Domain-driven design (DDD) is known to be overkill for simple problems. After careful consideration...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
