The most useful footage of the horrible events was gathered by the citizens of Sendai, a city on the North East coast that had been struck by the tsunami. This footage was later used by several news agencies for their television news reports about the tsunami. In the following part, I am going to give a definition of citizen journalism and explain the practises that are used. After that I am going to show how and to what extent it challenges traditional journalism. 12 pp. Englisch.
