Penser la réforme du régime monétaire international : Des défaillances du régime monétaire international aux réformes évolutionnistes de la structure monétaire internationale

By Hinda Fadhlouï

PAF Dez 2013, 2013. Taschenbuch. Condition: Neu. This item is printed on demand - Print on Demand Neuware - Face aux déséquilibres mondiaux, quelles réformes peut-on établir pour améliorer l'efficacité de la régulation monétaire et financière au niveau mondial Au plus fort de la crise, le régime monétaire international se révèle impuissant, lorsqu'il s'agit de limiter la volatilité excessive des taux de change, l'ampleur des déséquilibres extérieurs, le développement d'une spéculation effrénée sur les marchés des changes et l'asymétrie entre pays en excédent et pays en déficit. Cette thèse, qui a eu le mérite d'ouvrir des pistes nouvelles dans la compréhension des rapports complexes entre les déséquilibres mondiaux et le régime actuel, a montré que ces déséquilibres sont intrinsèquement rattachés aux défaillances de la structure monétaire internationale. Pour lever ces déséquilibres mondiaux, le régime actuel doit tendre vers la formation de zones monétaires régionales intégrées dans une zone monétaire internationale. 292 pp. Français.
