Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Dying sucks hairy monkey balls, even when you re not the stiff. Denton Mills has a secret: he can see dead people. Or rather, how they died. It s quite a drag in a city like Chicago, teeming with the echoes of the no-longer living. Rather than whine about it, Denton has learned to live with his troublesome talent. His adaptability comes in handy when he meets his enigmatic new neighbor. Bran Maurell catches Denton s eye right away, but unfortunately Mr. Tall, Dark, and Mysterious is as standoffish as he is alluring. However, after an unexpected introduction from Bran s cat brings the two men together, Denton discovers they have a mutual interest in the spirit world. Herbalist by day, Bran moonlights as a witch, performing house cleansings for a fee. From Bran, Denton learns that his knack for interacting with the dead qualifies him as a necromancer. It makes good business sense for them to team up and rid Chicago of its pesky spirits one grateful client at a time. Amongst ghostly adventures the attraction between the men is impossible to ignore. They seem like perfect partners-unless Bran s not-so-little secret comes between them. Warning: men loving men, ghosts with attitudes, and a portly feline with hidden talents. Note: Denton also plays a small but important role in Spirit Sanguine.
