From the ashes of what used to be North America, a new nation was forged by survivors of the Fall, who descended from their Lunar colonies. They called this new nation the Covenant, and two centuries later, it is stronger than ever. The Moon people rule with an iron fist, to ensure their dominance, for the Covenant is a nation where a chosen few prosper at the cost of everyone else, who are forced to serve their masters their entire lives. Sue and Dave are on the run with a price on their heads. They have discovered deadly secrets that the Covenant must keep hidden in order to protect their long-term plans for world domination. Meanwhile, the power struggles within the factions of the Moon people reach new heights, and a new development is about to set the world on fire. This is the second book in the Rift Saga, which is set more than two centuries after the events of Exodus.
