Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from **A School History of the United States of America: Including Numerous Sketch Maps Showing Territorial Growth and Progress of the American Armies in Different Wars and Campaigns and Also Including Suggestions for Parallel** Reading 1492 1897 Much of the value of the study lies, therefore, in the move ment toward a broader culture, and in the stimulating in?uences toward further reading. If young people leave the study with a distaste for it, and with no desire for further reading in the line of history, it is quite evident that a most valuable part of the work has been lost. How much of value still remains is not easily determined. The remedy, if a remedy be possible, lies in better methods of presenting the subject, either by text-book or teacher, or by both. For several years I have felt that a more helpful text-book might be arranged. The strong desire to aid in obtaining better results finally brought forth this book.
