Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

No binding. Condition: New. 381 pages. Herbert George Wells was born on September 21st, 1866 at Atlas House, 46 High Street, Bromley, Kent. His short stories are miniature masterpieces many of which bring new and incredible ideas of science fiction to the edge of present day science fact. Wells also received four nominations for the Nobel Prize in Literature. Despite a strong and lasting second marriage his affairs with other women also brought the complications of fathering other children. His writings and work against fascism, as well as the promotion of socialism, brought him into increasing doubts with and opposition to religion. His writings on what the world could be in works, such as A Modern Utopia, are thought provoking as well as being plausible, especially when viewed from the distressing times they were written in. His diabetic condition pushed him to...
