Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. I conceived, yeah it s a pun, the idea for this story before reading that activists are demanding that the NHS provide womb transplants for gender switching individuals. That is, men who want to call themselves women. The most grotesque biological sci-fi fantasies can become real if activists decide to impose their version of reality and good and evil on susceptible individuals and private and government organizations and especially when they can get other people to pay for it. Warning, this story isn t suitable for anyone. It is a grotesque horror story but no more than the reality I read about every day. I had to write it to stop it whirling around my brain like a toad to borrow from The Doors. This story is a sort of sequel or update to my first novel, The Man from Scratch (available on Amazon in paperback), different characters, same theme. It s a Sunday School story compared to Timely Ripped. Writing The Man from Scratch revealed to me the value of accepting what nature and God give us. It means more than we can invent for ourselves out of the rag and bone shop of our hearts, stocked by human or perhaps demonic fantasy and random desire.
