

Full Upright and Locked Position: The Insiders Guide to Air Travel

Filesize: 2.37 MB

Reviews

This ebook is very gripping and fascinating. Sure, it is engage in, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ms. Ora Buckridge)

FULL UPRIGHT AND LOCKED POSITION: THE INSIDERS GUIDE TO AIR TRAVEL

W. W. Norton & Company. Paperback. Condition: New. 368 pages. Dimensions: 8.1in. x 5.5in. x 1.5in. Sit back, relax, and enjoy the flight, our pilots still intone. But who are they kidding Former FAA chief counsel and senior aviation policy official Mark Gerchick unravels the unseen forces and little-known facts that have reshaped our air travel experience since September 11, 2001. With wry humor and unique insight, Gerchick takes us past the jargon, technicalities, and all-is-well platitudes to expose the new normal of air travel: from the packed planes and myriad hassles of everyday flying to the alchemy of air fares, the airlines endless nickel-and-diming, and the elusive hope of escape from steerage. We find out what pilots do in the cockpit, whats really worth worrying about when it comes to airline safety, and why we get sick on planes. Meanwhile, Gerchick ponders the jarring disconnect between our quaint expectations of service with a smile and the grim reality of cramped seats, no-free-lunch, and watch-yer-knees. With sympathy for both fliers and airlines, Gerchick shows how the new business-all-business airline industry has finally learned to make money, even in the face of crushing fuel costs, and get millions of travelers where theyre going every day safely and quickly. From his singular vantage point as former aviation regulator and policymaker, Gerchick gives us a straightforward insiders view of how hard it is for government to improve the travelers lot by explaining the vagaries of consumer protection rules as well as the political realities and the economic forces at work. While Gerchick offers reasons to hope for a better future in air travel, he presents an unvarnished look at what we can expect good and bad when we take to the skies. Some of it will reassure you, some will make you cringe, but all will...
