Freedom Permits: Even an Ignorant Ranch Hand from Flyover Country to Express His Opinion with No Regard to Political Correctness (Paperback)

By MR Don Stuart

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. FREEDOM permits is a fun read if you enjoy satire, humor, and irony laced with some common sense and a little history. This book is the result of the author's absolute frustration over the never-ending abuse of the American people by the bureaucracy in Washington D.C. The current levels of corruption and social/fiscal irresponsibility are unsustainable and must be halted. The United States is on a course that will ultimately result in the complete collapse of the best society in world history. At some point soon, common sense and morality must somehow become guiding concepts in our federal government's actions. Both major political parties are guilty of the abuse and neither seems willing to step up and make the changes necessary to bring America back to its rightful glory. No individual political topic or person is sacred in this book so everyone receives special treatment, some more special than others.
