

Believing Bullshit: How Not to Get Sucked into an Intellectual Black Hole

By Stephen Law

Prometheus Books. Paperback. Book Condition: new. BRAND NEW, Believing Bullshit: How Not to Get Sucked into an Intellectual Black Hole, Stephen Law, This title offers a witty look inside the world of ridiculous and sometimes downright dangerous belief systems, and how they suck us in. Wacky belief systems abound. Members of the Heaven's Gate suicide cult believed they were taking a ride to heaven on board a UFO. Muslim suicide bombers expect to be greeted after death by 72 virgins. And many fundamentalist Christians insist the entire universe is just 6,000 years old. Of course it's not only cults and religions that promote bizarre beliefs - significant numbers of people believe that aliens built the pyramids. How do such preposterous views succeed in entrenching themselves in the minds of sane, intelligent, educated people and turn them into the willing slaves of claptrap? "Believing Bullshit" is a witty and insightful critique that will help immunize readers against the wiles of cultists, religious and political zealots, conspiracy theorists, and various other nutcases by clearly setting out the tricks of the trade by which such insidious belief systems are created and sustained.

Reviews

This composed book is excellent. it was actually writtern very perfectly and valuable. I found out this book from my i and dad advised this book to learn.
-- **Maymie O'Kon**

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- **Lupe Connelly**
