GENDER IN FLUX: AGENCY AND ITS LIMITS IN CONTEMPORARY CHINA (PAPERBACK)**DOWNLOAD**

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. Based on recent primary research in anthropology, sociology, history and politics, and on insights from political activism, *Gender in Flux* addresses gender as a main axis of social organization and cultural practice in China. Covering the impoverished rural sending villages of western China to the big and wealthy Yangzi valley city of Nanjing, the far northeastern village of Huangbaiyu to the major urban centres of Tianjin and Beijing, it examines gendered practices and experiences in socio-economic, political and administrative configurations, family and household organization, education, employment and mobility, and generation. The volume addresses gendered expectations and practices as lived experience within and across different scales, challenging the standard social science division of urban, rural and migrant. *Gender in Flux* thus sheds important light on how the changing manifestations and articulations of gender across different practices confound any attempt at a uniform analysis.
