Harold Lea Brown, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.SECRETS HAVE DEADLY CONSEQUENCES, ESPECIALLY IN A DIGITAL WORLD. What would soul mates give up to be together? What would soul mates do to stay together? On the night of his tenth wedding anniversary Kevin Albright was about to find this out, and so much more. Kevin Albright is a renowned Internet computer technology security expert, on the verge of finally having it all-a family. But in an instant he loses a wife and a son as security is breached at the highest level of government and his world is turned upside down. He vows to get the killers even if they re in the government and he has to die to do it. When he is nearly killed, it sets off a high stakes game of 3D cyber chess on the Internet. Kevin must play like a chess master to stay alive and close in on an unseen enemy-a dead drug lord and partner reincarnated as stealthy information brokers operating in plain sight. They are ruthless, something learned in the drug trade, destroying anyone...
