

Vegan Nursery Rhymes

By Kate Foster

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Large Print. 254 x 203 mm. Language: English . Brand New Book ****** Print on Demand ******. We all love nursery rhymes, but sadly many of them are now out-dated and not suitable for our expanding world of tiny vegans! In this book, Kate takes 20 of the best known nursery rhymes and veganises them in order to teach children the truth in a gentle and fun way. Parents who remember the original rhymes will have fun reading these alternatives to their little ones. They are also great for older children who are learning to read for themselves and looking for ways in which to explain their veganism to others. With beautiful illustrations throughout, this is a book for families to cherish.

Reviews

It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
