Dietrich Publisher: Henan Science and Technology Publishing House Publication Date: January 1. 2006 ISBN: 9787534931932 words: Pages: 186 Edition: 1st Edition Binding: Hardcover Folio: 16 commodity identification: asinB00114N2QI edit recommend the books to help you faster and more professional The land re-reading the MRI images. When you are reading this book. the first listed in the right-hand side is related to the typical picture. then row under the history and clinical manifestations after MRI and diagnosis. the last discussion of this case. The above content without flipping pages at a glance. All cases the discussion section occupies most of the length. and elaborated on the related cases of clinical manifestations and imaging features. as well as the diagnosis and differential diagnosis of this disease. The book each case to provide readers with relevant literature for further reading. Expert reviews Professor Dai Jianping: the publishing and distribution of the translation will surely help to learn from the advanced experience of foreign countries to promote the development of the cause of medical imaging. to help promote the popularity of MRI knowledge and MRI diagnosis of raising the level of this set of excellent MRI diagnosis materials published series of books will fill the book's shortcomings in this regard. This book is one of the U.S. magnetic resonance imaging teaching Books. The style of teaching Reading Series. each branch cases not classified grouped essentially random sort. Organized in the order of each case are given imaging pictures first. and then described the...
