

Un pueblo que camina: Peregrinación con el Señor del Cerrito de Tepexpan

By Gonzalez Ortiz, Felipe

Plaza y Valdes Editores, México, D.F., 2008. Soft cover. Book Condition: New. No Jacket. Un pueblo que camina. Peregrinación con el Señor del Cerrito de Tepexpan es un libro que pregunta sobre la cosmovisión del grupo étnico mazahua a través de una peregrinación tradicional. El estudio cobra relevancia no sólo por la carencia de este tipo de preguntas, sino porque se expresan en el ritual, que funcionan como entradas al pensamiento y cosmovisión de dicho grupo cultural. En el ámbito de la organización social, se encuentran las mayordomías y el comisariado ejidal, además del culto a los ancestros mediante el oratorio familiar que aglutina a la familia extensa; en el ámbito de lo simbólico, se encuentran el emblemático coyote como ofrma mítica ancestral, las danzas que definen los cuatro rumbos del viento y la dramatización de la peregrinación que contraponen las fuerzas selenitas y celestes, de cuya fricción se generan las condiciones para renovar el tiempo y justificar la existencia y propuesta de sociedad de este grupo étnico. Este estudio parte de una comunidad, pero lanza hipótesis que permiten extender las interpretaciones al mundo étnico mazahua en su conjunto.
