

## Black White Digital Photography Made Easy: The All-In-One Guide to Taking Quality Photos and Editing Successfully Using Photoshop (Paperback)

By Editors at Future Publishing

Fox Chapel Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. For photographers, seeing the world in monochrome opens up a new universe of exciting photographic possibilities. Without color acting as a distraction, they start to see the world as a beautiful range of tones instead. Black White Digital Photography Made Easy is the all-in-one guide to shooting and editing brilliant monochrome images, presented in words, pictures and video. This book explores the evocative world of black and white photography and looks at exhilarating new ways to approach the mono medium. Perfect for both the semi-pro photographer looking for inspiration, as well as for total beginners unsure which D-SLR settings to use, this essential guide shows photographers how to improve their skills by broadening their horizons and opening their eyes to the full potential of black-and-white. From landscapes to city scenes, portraits to fine-art nudes, and weddings to floodlit ruins, there s something in this book for everyone who wants to learn how to approach shooting for black and white. The authors start with the basics, explaining when to work with black and white, which shots work best, and the role of weather. They offer tips...
