

Read Me First: Password Protection and Identity Theft Prevention (2nd Edition) (Paperback)

By Newton Lee

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. More than 1 billion online usernames and passwords have been stolen by cybercriminals. Chances are that some of your passwords are already in the wrong hands. Password protection is more than meets the eye. This booklet offers you step-by-step instructions in creating strong passwords that are easy for you to remember but difficult for hackers to crack. It also tells you how to properly handle password security questions as well as smartphone and WiFi security. The booklet also reveals the most effective method for identity theft prevention. Every year, more than 12 million Americans have fallen victim to identity fraud. It s high time we fought back. This booklet shows you a simple preemptive measure to protect yourself and your family.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
