Understanding key mathematical concepts and applying them successfully to solve problems are vital skills that all engineering students must acquire. Mathematics for Engineers teaches, develops and nurtures those skills. Practical, informal and accessible, it begins with the foundations and gradually builds upon this knowledge as it introduces more complex concepts until you have learned everything you will need for your first year engineering maths course, together with introductory material for even more advanced topics. MyMathLab Global is designed to improve results by helping students quickly master concepts. Specific features For lecturers: Comprehensive online course content - Filled with a wealth of content, MyMathLab is available as a standalone online solution or it can be tightly integrated with the author approach of your choosing. You can easily add, remove, or modify existing instructional material. You can also add your own course materials to suit the needs of your students or your department. Interactive Exercises with Immediate Feedback - MyMathLab s homework and practice exercises reflect your choice of approach and learning style, and regenerate algorithmically to give students unlimited opportunities for practice and mastery. Comprehensive Gradebook - The online gradebook automatically tracks students results on tests, homework, and practice exercises, and gives you control over managing results and calculating grades. View, analyse, and report learning outcomes clearly and easily, and get the information you need to keep your students on track throughout the course. For students:...
