After his injuries prevent his return to the army, he cuts all ties with his former life and moves to London. Alone and unmonitored, he sinks into a private world of guilt and paranoid distrust .until a customer annoys him in a Bermondsey pub and he attracts the attention of local police investigating three murders which appear to have been motivated by extreme rage .Under suspicion, Acland is forced to confront the real issues behind his isolation. How much control does he have over the dark side of his personality? Do his migraines contribute to his rages? Has he always been the duplicitous chameleon that his ex-fiancee claims? And why -- if he hates women -- does he look to a woman for help?.
