

## Hands-On Algebra Ready-To-Use Games Activities for Grades 7-12

By Frances McBroom Thompson Ed. D.

Jossey-Bass. Paperback. Condition: New. 640 pages. Dimensions: 10.9in. x 8.2in. x 1.7in. Lay a solid foundation of algebra proficiency with over 155 hands-on games and activities. To complement the natural process of learning, each activity builds on the previous one-- from concrete to pictorial to abstract. Dr. Thompson's unique three-step approach encourages students to first recognize patterns; then use diagrams, tables, and graphs to illustrate algebraic concepts; and finally, apply what they've learned through cooperative games, puzzles, problems, and activities using a graphic calculator and computer. You'll find each activity has complete teacher directions, lists of materials needed, and helpful examples for discussion, homework, and quizzes. Most activities include time-saving reproducible worksheets for use with individual students, small groups, or the entire class. This ready-to-use resource contains materials sufficient for a two-semester course in Algebra I and can be adapted for advanced students as well as students with dyslexia. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*This ebook can be worthy of a read, and much better than other. I have read and I am certain that I am going to plan to go through again once again in the future. You may like just how the writer composes this book.*

-- Mr. Grant Stanton PhD

*A whole new eBook with an all new standpoint. It is actually really fascinating through reading through time period. You won't truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).*

-- Claire Bartell
