THE BLOT

Anti-Oedipus Press, United Kingdom, 2016. Book. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this supplement to Jonathan Lethem s novel A Gambler s Anatomy, the renowned novelist engages in a concerted transatlantic dialogue with cult theorist Laurence A. Rickels, exploring the vicissitudes of popular culture and the profound influence of Philip K. Dick on their respective lines of flight. Foregrounding the introjections between California and Germany, they address a range of ideas, subjects and figures, from B-movies, science fiction, Wile E. Coyote and the Devil to trauma theory, Freud, Hitchcock and German Expressionism. Animating their zone of interrogation is the blot --an algorithm of innuendo, an uncanny defamiliarization of reality and truth wherein the trajectories of meaning, desire and perception fold into themselves like an origami in flames.
