

Professional Microsoft IIS 8 (Paperback)

By Kenneth Schaefer, Jeff Cochran, Scott Forsyth

John Wiley Sons Inc, United States, 2013. Paperback. Condition: New. 1st ed.. Language: English . Brand New Book. Stellar author team of Microsoft MVPs helps developers and administrators get the most out of Windows IIS 8 If you re a developer or administrator, you ll want to get thoroughly up to speed on Microsoft s new IIS 8 platform with this complete, in-depth reference. Prepare yourself to administer IIS 8 in not only commercial websites and corporate intranets, but also the mass web hosting market with this expert content. The book covers common administrative tasks associated with monitoring and managing an IIS environment--and then moves well beyond, into extensibility, scripted admin, and other complex topics. The book highlights automated options outside the GUI, options that include the PowerShell provider and AppCmd tool. It explores extensibility options for developers, including ISAPI and And, it delves into security protocols and high availability/load balancing at a level of detail that is not often found in IIS books. * Author team includes Microsoft MVPs and an IIS team member * Covers the management and monitoring of Microsoft Internet Information Services (IIS) 8 for administrators and developers, including MOF and MOM * Delves into topics...

Reviews

This sort of publication is everything and made me seeking forward and much more. Better then never, though i am quite late in start reading this one. I am easily could possibly get a delight of reading through a created pdf.
