

Prometheus and the Dragon (Atlas and the Winds) (Volume 2)

By Eric Michael Craig

Rivenstone Management Inc. Paperback. Condition: New. 306 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. Everything to fear and nothing to lose, in a world with no tomorrow. In the face of what may be the inevitability of the asteroid Antus arrival, the US government and the Chinese National Space Agency ratchet up their efforts to save the Earth, while Colton Taylor, Stormhaven, and the Independent Space Alliance hurl themselves into building survival colonies on the lunar surface. Zhen Long, the Chinese mitigation project, and Americas newly established Project Prometheus are both based on the lunar surface, far from the realities of the rapidly disintegrating stability of Earth. Panic and the ever increasing lack of civil control drive civilization to the precipice of war, even as the battle for survival wages on the cold lunar surface. The fundamentally incompatible strategies of these two efforts soon put the superpowers on a collision course that may lead to all out war. In spite of ideological tensions, it is the scientific and technological limitations that will ultimately decide which plan will become humanity's last, best hope. While these events play out on the lunar surface and in space, humanity struggles with the idea of its...

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It's been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.
