Reviews

It is great and fantastic. Better than never, though I am quite late in starting to read this one. Your life period will likely be transformed once you comprehensively read this book.

A PERSON-CENTERED APPROACH AND THE ROGERIAN TRADITION: A HANDBOOK

[DOWNLOAD](#)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is about a person-centered approach to counseling and psychotherapy as developed by the psychologist Carl Rogers (1902-1987) and his colleagues. This book is also a handbook on the person-centered approach and the Rogerian tradition for use in academic and non-academic settings alike. In brief, Chapter 1 is a previously unpublished work, entitled A Person-Centered Approach and the Structure of Scientific Revolutions. Versions of Chapters 2 thru 4 have been previously published in the Journal of Humanistic Psychology. Chapter 2 is entitled A Person-Centered Approach to Multicultural Counseling Competence. Chapter 3 is entitled A Person-Centered Approach to the Treatment of Borderline Personality Disorder. And Chapter 4 is entitled A Person-Centered Approach to the Treatment of Combat Veterans with Posttraumatic Stress Disorder. Each chapter is briefly summarized below. Chapter 1 examines the trend of scientific inquiry in psychotherapy research, specifically focusing on events and changes that took place beginning in the 1970s and are argued to have substantially influenced the direction of psychotherapy research in the following decades. In particular, these changes are suggested to have been guided by the choices made by a small but influential group of behavior and psychoanalytic-oriented researchers, and led by the eminent psychologists Allen Bergin and Hans Strupp. The choices made by these researchers arguably led to changes in the scientific methods used to investigate the effectiveness of psychotherapeutic treatments and, as will be shown in this chapter, led to the decline and disappearance of Carl Rogers's person-centered approach. Therefore, the Rogerian traditions of theory, research, and empirically-validated practice did not decline as a result of unfavorable findings or due to decisions made by an objective tribunal, so...
