Reviews

A fresh e book with an all new viewpoint. It is really simplistic but unexpected situations in the 50 % from the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Adolf Hitler returns after seventy years frozen to comment on how recent books portray him as the new and friendly Fuhrer. He also analyzes current politics. Using serious history, this book counters the notion of a humane leader. He is a vile killer and Professor Pauli Perinstein, a fictional character, who is writing the biography, exposes Hitler's dark secrets. The real facts and historical interpretations behind the Holocaust, those who suffered under the Nazis, the banning of Mickey Mouse and Pluto tells one that the Fuhrer was a maladjusted evil monster. The mix of fact and fiction highlights the mystery of why an Austrian neer do well almost conquered Europe. The historians who praise and fail to understand the Fuhrer's motives are taken to task. An extensive bibliography, a careful analysis of key biographies and the rise of Neo-Nazis suggest Hitler's evil is present today. Are the major Democratic democracies headed toward the Fascism that was Nazi Germany? Does Donald Trump represent this feeling? Meeting Hitler: A Tragicomedy answers these questions. A stimulating biography mixing fact and fiction is a counter to Timur Vermes Look Who's Back which praises Hitler. He killed almost seven million Jews and almost four million innocent bystanders. The extensive chapter on the Holocaust shows that historians demonstrate there is no new and friendly Hitler. The number of current Neo-Nazis and the Hitler Virus suggests writing about the Fuhrer is a lucrative business. In the U. K the Hitler Industry creates TV programs like Heil Honey I'm Home which is a Jackie Gleason style sitcom praising Hitler as a regular guy. This is a tragicomedy with consequences for the present day...
