So begins this tribute to a marriage of sixty years, a period that spanned the Korean War, the developing atomic age, the transformation of medicine into a modern science, the troubled years of the Vietnam War and its aftermath, taking the author and his family from youth to old age, from innocence to a full-blown love that flourishes and grows even now. This story of a great marriage is laid out here for everyone to read and cherish.

This publication will not be simple to get started on looking at but quite entertaining to learn. It generally fails to cost an excessive amount of. You will not feel monotony at anytime of your time (that's what catalogues are for about if you ask me).
